May I take your order?

March 2nd, 2006 · [694 Comments](#)

It was a night like any other - people inviting us out to a steakhouse. We get there, we are seated in a private room. All was well. Niceties aside, we prepare to order. I ask my wife what I should get. She says, "Go ahead and look at the menu - it's in English."

"Oh Really?"

I started out chuckling, then got progressively louder each time.

Yeah, that sounds like a bargain item.

“I think I’ll have the cowboy pick, or maybe the cowboy LEG?!?! I really wish I could shit you.”
